Hey there!

Welcome to your Supermarket Safari Workbook! 🚀

In this book, you'll dive deeper into the world of healthy and sustainable eating. You've already seen and learned a lot, but now we're going to take it a step further!

What are you going to do?

Complete the Tasks:

- During the Supermarket Safari, you'll be told when to do what. Check the tasks and get to work on the indicated pages.

Your Personal Mission:

- Look at your own health habits. What can be improved? At the end of this booklet, challenge yourself to improve something in your life.

Become a Food Expert:

- Through the knowledge assignments, you'll learn even more about healthy and sustainable food. You'll find this info in the videos and during the Virtual Experience.

Practical Tips:

- This book is full of smart tips. Easy and quick to apply for a healthier lifestyle.

Cool Apps:

- Discover apps that help you make better food choices. Scan the QR codes for quick downloads.

In short:

This workbook is your tool to discover everything about healthy and sustainable eating. With fun tasks and handy tips, we will help you learn more about good nutrition and the Food Pyramid.

Ready, set, go!

Short explanation of the experience

We start each scene with a starter question. These earn you points.

After the starter question, there will be a video or photo to assist you with the knowledge question. Beware: a wrong answer means losing points!

After answering the knowledge question, you will see a video. Listen carefully! What you hear will be necessary for completing this activity book.

All done? Time for the breakout question! Need help? Check your phone in advance.

Bedroom

Assignment 1

Draw the hours you slept last night

Draw the hours you would like to sleep if you had a say in it.

Assignment 2

Colour in the clocks and the bars to give the answers.

How many hours did you sleep?

How much is the average according to the infographic in the experience?

How many people think they get enough sleep?

0% 50% 100%

How many people want to improve the quality of their sleep, according to the infographic?

Assignment 3

Do you think you get enough sleep?

YES / NO

Write down two ways you can improve the quality of your own sleep:

*Look at the cellphone in the experience for tips

Kitchen

Assignment 1

Mark your answers

Would you rather....

- | | | |
|--|-----------|--------------------------------|
| Shop each day for your meals or | OR | plan ahead for the whole week? |
| Go to the supermarket | OR | buy your groceries online? |
| Eat a homemade pizza | OR | order one online? |
| Use a recipe | OR | improvise during cooking? |
| Would you rather buy fresh ingredients | OR | freezer products? |
| Cook once and eat the same meal all week | OR | cook every day? |

Assignment 2

Write down what you had for dinner last week. Cross off if the meals were healthy.

Day	Meal	Healthy (Y/N)?
Yesterday		<input type="checkbox"/>
The day before yesterday		<input type="checkbox"/>
3 days ago		<input type="checkbox"/>
4 days ago		<input type="checkbox"/>
5 days ago		<input type="checkbox"/>

Assignment 3

Name 3 benefits of meal prepping that resonate with you.

*Look at the cellphone in the experience for tips

Information desk

Assignment 1

How many calories do you need each day depends on your age, gender, activity level and body size. Link the right calorie intake with the right persons by drawing a line. Calories can be used more than once.

Athletic male student

Child

Retired man

Female desk worker

1200-1400 kcal

1800-2000 kcal

2500-3000 kcal

Assignment 2

Gym

Assignment 1

How much do you exercise during the week? Write down your habits.

Do you...	< 15 min a week	15-30 min a week	30-45 min a week	> 45 min a week
Walk				
Cycle				
Fitness				
Team sports				
Other.....				

According to the experience, how much exercise is recommended each week? _____ hours

How much do you exercise in total according to the filled-in table above? _____ hours

Assignment 2

What are two steps you could take to move more or improve your workouts?

*Look in the experience for tips

Assignment 3

Exercise and food complement each other in a healthy lifestyle. Watch the next video, and add food to the shopping list for your next workout:

Carbohydrates pre-workout food (for lasting energy):

Proteins post-workout meal (for recovery):

Fruit and vegetables

Did you know? Buying local and seasonal fruits and vegetables helps reduce your carbon footprint and supports local farmers. Plus, it's fresher and tastes better!

Assignment 1

Scan the QR code and make a shopping list of your three favourite fruits and veggies that are in season in YOUR country right now!

1.

2.

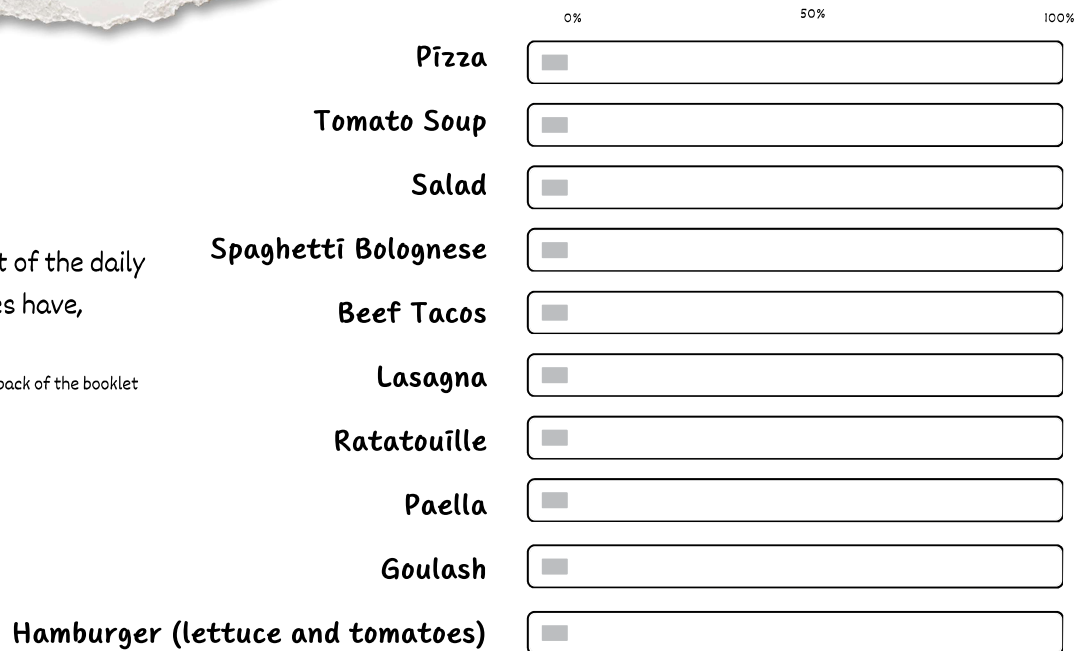

3.

Assignment 2

Fill in how much percent of the daily intake the next 10 dishes have, according to you.

*You can check your answers in the back of the booklet

Assignment 3

Fruit and Veggie habits. Check the boxes of the statements that fit you!

- I bring fruit to school as a snack.
- I prefer a healthy sandwich over another sandwich or snack.
- I sometimes consciously choose vegetarian options.
- I eat at least two different kinds of fruit every day.
- My dinner always includes a portion of vegetables.
- I like to try out new types of fruits and vegetables.
- During breakfast or lunch, I regularly eat fruit or vegetables (e.g., in a smoothie or on bread).
- I snack on vegetables like carrots, cucumber, or bell pepper instead of chips.
- When I eat out, I often choose a dish with lots of vegetables or a salad.

Bread

Assignment 1

a. Below you find 5 recipes for different kinds of bread and their characteristics. Write on top: which bread belongs to which recipe: White, Rye, Multigrain, Sourdough and Whole Wheat.

[]	[]	[]	[]	[]
<u>Ingredients</u>	<u>Ingredients</u>	<u>Ingredients</u>	<u>Ingredients</u>	<u>Ingredients</u>
-Rye Flower -Yeast -Salt - ?	-Any flour -Sourdough starter -Salt -?	-White flour -Yeast -Salt -?	-Mix of wheat, Barley & Oats -Yeast -Salt -?	-Whole wheat flour -Yeast -salt -?
<u>Characteristics</u> High in fiber, which supports digestive health Rich in magnesium and B vitamins	<u>Characteristics</u> Easier to digest due to the fermentation process. Contains beneficial probiotics	<u>Characteristics</u> Low in fiber Often higher in sugar and fat	<u>Characteristics</u> High in fiber and various nutrients from different grains Supports heart health and stable blood sugar levels	<u>Characteristics</u> Helps with digestion and maintaining stable blood sugar levels

b. There is one ingredient missing from all lists. Watch the video and fill in the missing ingredient.

c. Which bread do you think is the healthiest?

Rank the bread with stars: 1 (least healthy)-5 (very healthy)

Assignment 2

Bread can be an important part of a balanced diet for several reasons

Bread is a significant source of carbohydrates, which are the body's primary energy source. This is especially important for maintaining energy levels throughout the day.

Whole grain breads, in particular, are high in dietary fiber, which aids in digestion, helps maintain a healthy gut, and can prevent constipation. Fiber also helps you feel full longer, which can aid in weight management.

There are other products with lots of fibers and carbohydrates which you can eat instead of bread.

Find a recipe you like, with one (or more) of the next ingredients, for breakfast or lunch:

Brown Rice
77g carbohydrates
3,5 g fibers

Oats
66 g carbohydrates
10 g fibers

Chickpeas
61 g carbohydrates
17 g fibers

Whole wheat pasta
30 g carbohydrates
3,7 g fibers

Banana
23 g carbohydrates
2,6 g fibers

Black beans
63 g carbohydrates
15 g fibers

Tortillas
39 g carbohydrates
5 g fibers

Sweet potatoes
20 g carbohydrates
1,9 g fibers

Name of recipe:

Dairy

Assignment 1

- A. Put the steps of the process of making milk in the right order (1 to 5)
 B. Match the steps in the process of making milk to the explanations (A to E)

No.		Letter
<input type="checkbox"/>	Packaging	<input type="checkbox"/>
<input type="checkbox"/>	Separating the cream	<input type="checkbox"/>
<input type="checkbox"/>	Pasteurization	<input type="checkbox"/>
<input type="checkbox"/>	Testing the milk	<input type="checkbox"/>
<input type="checkbox"/>	Homogenization	<input type="checkbox"/>

A

The milk passes through a very small gap, breaking up larger fat droplets to prevent cream from forming on the surface.

B

This ensures the milk has the desired quality and does not contain unwanted substances like antibiotics.

C

The milk is heat treated to kill harmful bacteria and reduce microorganisms, ensuring it is safe to drink and has a longer shelf life.

D

The milk is handled under strict hygienic conditions to prevent recontamination and protect against light and oxygen.

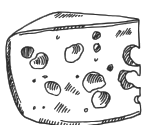

E

The milk is divided into skimmed milk and cream by a centrifugal separator.

Assignment 2

Connect the dairy products with the right percentage of fat they contain.

*You can check your answers in the back of the booklet

	1%	
Skimmed Milk	2%	Heavy cream
	3%	
Semi-skimmed Milk	4%	Icecream
	15%	
Whole Milk	18%	Sour Cream
	30%	
Butter	30%	Yogurt
	80%	
Cheese		

Note: A blue line connects the 30% fat percentage to the Heavy Cream carton.

Assignment 3

The production of dairy has a huge impact on the environment. That's why some people prefer to use dairy-free milk alternatives. Have you tried any of the options below? Check the box. Would you want to? Circle the carton.

	<input type="checkbox"/>		<input type="checkbox"/>
Almond Milk		Soy Milk	
	<input type="checkbox"/>		<input type="checkbox"/>
Coconut Milk		Rice Milk	

Meat & Fish

Assignment 1

A. Write down how many servings you think you eat of the following products each week

B. Check the boxes if it's more or less than the recommended amount for each week

How many servings?			Serving size:	More	OR	Less
<input type="text"/>	Red Meat Beef, pork, mutton, goat, or horse meat.		50-75 g	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
<input type="text"/>	Poultry Chicken and other poultry		50-75 g	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
<input type="text"/>	Processed meat (with spices, salt, etc.). slices of chicken breast with, for example, garden herbs, but also bacon, roulade, ham, pâté, meatballs, burgers, sausages.		50-75 g	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
<input type="text"/>	Fish salmon, herring, white fish, and tuna		100 g	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
<input type="text"/>	Meat substitutes: tofu, tempeh, vegetable burgers, vegetarian minced meat.		Serving size: Beans en lentils: 120 g Nuts and seeds: 40 g Tofu and Tempeh: 130/85 g	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
<input type="text"/>	Eggs You can find eggs in a variety of dishes.		2 eggs	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Assignment 2

Meat (especially red meat) have a huge impact on the environment. If you want to reduce this impact, but still eat them, can choose products with an eco label. These options are often also healthier.

Scan the QR code.

Which labels do you recognize from your country?

Draw one of the logo's you recognize and explain what it is for?

Cash Register

Assignment 1

Buying local is not only good for the environment, it also means that the product is fresher. Which of the following products can NOT be sourced locally in your country, and need to be imported? Circle them

Potatoes

Cashew

Dairy Products

Tomato

Banana

Pear

Honey

Corn

Lettuce

Wheat

Coffee

Cacao

Assignment 2

In this experience you learned more about making good choices. Decide, based on what you learned, which product to add to your grocery list. You can only choose one from each row. Which is the healthier choice? (Check the previous pages for tips)

~~Cross of the unhealthy choice~~

Fruit juice OR Cola

Scene 3

Spaghetti Bolognese OR
Hamburger with lettuce and tomato

Scene 4

Whole wheat bread OR
Multigrain bread

Scene 5

Cheese OR Ham

Scene 6/7

Crisps OR Mixed nuts

Scene 7

Yogurt OR Icecream

Scene 8

Banana OR Pears

Scene 8

Assignment 3

Nutri scores on products is a rating system that shows you how healthy a product is, compared to other similar products.

If you would give yourself a nutri score, based on your current snacking habits, what would it be?
A = Very healthy
E = Very unhealthy

Kitchen

Assignment 1

Scan the QR code, take the test and fill in the spiderweb.

MY POSITIVE HEALTH

ADOLESCENTS 16-25 YEARS

- Taking care of yourself
- Being able to work or study
- Knowing your limitations
- Knowledge about health
- Ability to plan
- Being able to ask for help
- Smoking, alcohol and drug use

DAILY LIFE

- Social contacts
- Being taken seriously
- Doing fun things with other people
- Belonging
- Self-expression
- Meaningful relationships
- Receiving support and understanding from others

PARTICIPATION

MY BODY

- Feeling healthy
- Having energy
- No physical complaints or pain
- Eating healthily
- Sleeping
- Fitness
- Sports & exercise
- Physical appearance

MY FEELINGS AND THOUGHTS

- Concentration
- Managing your feelings
- Feeling positive about life
- Accepting yourself
- Confidence in yourself
- Dealing with change
- Being in control

MEANINGFULNESS

- Leading a meaningful life
- Having confidence in the future
- Having zest for life
- Having goals and dreams
- Making choices
- Accepting situations
- Gratitude

QUALITY OF LIFE

- Happiness
- Enjoyment
- Experience balance
- Feeling safe
- A pleasant environment
- Housing and living environment
- Making ends meet

The following is particularly important to me _____

Assignment 2

A. What stands out in your completed health web? In which area of your health could you use some improvement?

B. Name one or two small changes you can make in your life to start living a healthier lifestyle.
